DCBIA COMMUNITY IMPROVEMENT DAY

SATURDAY, SEPTEMBER 21, 2019
7:30 AM TO 5:00 PM

Oxon Run Park | 1200 Mississippi Avenue, SE | Congress Heights, Washington, DC

DCBIA's 27th Annual Community Improvement Day promises to deliver a major community asset for DC residents and a bonding experience for DCBIA volunteers. With natural resources to rival any riparian area in DC, Oxon Run Park also features trails, basketball courts, horseshoe pits, an amphitheater, picnic shelters, pedestrian bridges, and playgrounds in Congress Heights near the THEARC. From years of deferred maintenance and a growing number of visitors, the park is in need of general repair and community-led programming. DCBIA architects are meeting with community members now to plan for the big day in the fall. Improvements will include adding gathering and socialization, building spaces to congregate and hold performances, sensory stimulation, beauty enhancements, and general landscaping.

We need your financial support to help make this happen!

Financial sponsor recognition includes:

- Company logo on event t-shirt for Patron & Higher Levels
 - DCBIA newsletter | DCBIA website | Event signage
- Contributions are tax-deductible! FEIN 52-2051884
