

Adriana Zarrillo
AIA, LEED AP BD+C
Vice President
Role: Project Architect
HKS Architects

For Adriana, sophisticated design begins with conceptual design integrity and is achieved through thoughtful detail development. She excels at finding the right solutions for the unique challenges each project presents.

A hard-working and motivated project architect, Adriana listens to client expectations and delivers successful projects that meet the budget and schedule requirements. She is responsible for supporting project delivery and coordinating the efforts of the project team and consultants throughout each phase of project development. She effectively communicates technical information to clients, so they can make informed decisions that meet their project objectives
