

Design Force Seeks Project Architect:

Design Force is currently seeking an exceptional Project Architect motivated to take an exciting next step in his/her career. This is a rare opportunity to work for a progressive firm with an exciting company culture.

Candidates should have anywhere from 3 to 10 years of experience with a preference on corporate, multifamily, and/or commercial interior projects (although other project type experience will be considered). Ability to work independently and in small teams required. Consideration will be given to candidates who demonstrate strong communication skills, an enthusiasm for problem solving, and a concept driven approach to design. Candidates must have the capacity to manage multiple assignments and have knowledge of design development, drawing production, and coordination.

The Project Architect will be responsible for project implementation from conceptual design through construction administration, including coordination with clients.

Qualifications:

Professional degree in architecture

Must be proficient with AutoCAD and Revit

Professional registration (or working towards registration) preferred

LEED AP preferred

How to Apply:

Please email your resume along with a brief message to careers@designforcesolutions.com. Please include "Project Architect//DCBIA" in your title.
