

Alexander B. Wolfe is an experienced Environmental Project Manager currently at ECS Group of Companies since September 2025. Previously, Alexander served as a Junior Project Manager at The Cadmus Group, overseeing federal projects focused on lead service line replacement and capacity development, while managing budgets and staff. Prior roles include Sales Analyst at Empower Energies, where regulatory research and data analysis were key tasks, and Graduate Consultant at the World Resources Institute, contributing to research on clean energy practices. Earlier experience includes positions at ECS Limited as Staff Project Manager and Environmental Scientist, Henrico County as Environmental Inspector, and Aroma's Cafe as Production Manager/Lead Roaster. Alexander holds a Master of Arts in Environmental Resource Policy from The George Washington University and a Bachelor's degree in Environmental Science from Longwood University.
