christopher Congratulates Daniel Langston on Receiving His Registered Landscape Architect (RLA) License

christopher consultants, ltd. (christopher) is excited to announce Daniel Langston has received his Registered Landscape Architecture (RLA) license. This certification requires a series of multiple exams of which he passed all on the first attempt.

Daniel is a Project Landscape Designer and has been with christopher since 2013. He originally started at christopher as an intern. Through his tenure here, he has had the opportunity to work on various urban and suburban projects, specializing in land planning, concept design, entitlement package preparation, landscape planting design, renderings and exhibits. Daniel graduated from Virginia Polytechnic Institute & State University in 2011 with a Bachelor of Landscape Architecture.

We are very pleased to add a fourth RLA to our [Special Services division](#). Please join us in congratulating Daniel on this great accomplishment.
