

Cedar is hiring! Working at Cedar Realty Trust means more than a job at a retail real estate company. It means being part of Team Cedar, an exceptionally dynamic group of people committed to working in a highly collegial and collaborative environment.

If you would like to be a part of Team Cedar, review the position summaries below. For the full description and to apply, visit <http://cedarrealtytrust.com/careers/> or email hr@cdrtr.com.

VP. Construction

This position will be responsible for managing and overseeing new construction, renovation, repair or relocation projects from inception to completion for tenant construction, shopping center redevelopments and major mixed-use developments within Cedar's portfolio and managing a team of Project Managers and administrative professionals. The VP, Construction will report to the SVP, Development & Construction and can be based in either Cedar's Port Washington, NY or Sewell, NJ offices.

Director. Development

The Development Director will participate in every aspect of core portfolio and mixed-use development including land purchase, zoning, entitlements, design, construction, marketing, tenant buildout, legal, and budgeting. This position will craft the vision and strategy for the projects, and will work collaboratively with internal departments and external consultants. This position will report to the VP, Development and will be based in Cedar's Port Washington, NY or Philadelphia, PA Office.

Marketing and Investor Relations Manager

This position is responsible for the development and execution of property level marketing, public relations and social media programs that improve sales at complex mixed-use urban projects. Additionally, the position will focus on company-wide corporate branding and public relations initiatives as well as investor relations. The Marketing and IR Manager will report to the Chief Operating Officer and also work directly with the Chief Executive Officer and Chief Financial Officer. This position will be located in Cedar's Port Washington, NY office.

Development Asset Manager

The Development Asset Manager will be responsible for the strategic decision making, operations and execution of strategy for the operations of the company's mixed-use portfolio. This position will operate and manage the portfolio as the "owner" of multiple retail mixed-use projects and be responsible for their financial performance. The Development Asset Manager will report to the Chief Operating Officer and have daily interactions with the entire Development and Operations team. This position will be located in Cedar's Port Washington, NY office.
